The tour's first stop is the historic winery of the Monastery of Tzagarolon, this beautiful monastery is set in the picturesque Akrotiri peninsula of Chania. The temple features admirable Byzantine architecture, a folklore museum and an ancient library of rarities. We'll be sampling select wines from the monastery's production while we admire and learn about the wine equipment of the past on display, small 'kerasma' meze offering is accompanying the tasting. From there we'll head to the family owned Dourakis Winery in Apokoronas to learn about viticulture and the wine making process as we taste their wine. Our next visit is to a well hidden old style kafeneio, and just across from it is our last 'sacred' stop to meet the key holder of a 'treasured' chapel and explore the chapel as well. Yamas!
